This is a non-participating universal life type policy providing life insurance coverage on the Insured. Various policy features permit the death benefit to be adjusted, flexible premiums to be paid, loans to be taken, and current assumptions to be used in the calculation of policy values. All present values are based on the 2001 CSO Male/Female and Smoker/Nonsmoker Mortality Table, age nearest birthday and 3.00% interest.

At issue, the policyowner will choose which death benefit compliance test (guideline premium or cash value accumulation) his policy will be issued under. This election cannot be changed after issue. The enclosed policy is assembled for the guideline premium test. Sample policy data pages for policies issued under the cash value accumulation test are also attached to the back of the policy for your information.

The policy provides for two different No Lapse Guarantee provisions. The basic NLG period begins at policy issue and continues for the number of years listed on the policy data page. The extended NLG period begins after the basic NLG period ends. If the applicable NLG provision is met, the policy will not terminate as indicated in the grace period section even if the net cash value is not sufficient to cover the monthly deduction due.

This policy may be issued on a non-qualified or a qualified basis. The enclosed policy is assembled as a non-qualified issue. A replacement page 18U will be used for policies issued on a qualified basis and is attached to the back of the policy for your information.

The issue ages for this policy are 0-85 years and the minimum face amount is \$25,000 for issue ages 0-17 and \$50,000 for issue ages 18 and above.

This form is written in simplified and readable language and do not contain any unusual or possible controversial items from normal company or industry standards.

This form has been produced from our Automated Policy Assembly Laser system and is in final print.

This policy will be marketed with an illustration. Enclosed is an Illustration Actuary Certification.

Application Form 14530 2/07, approved by your department effective 8/28/06 will be used to apply for this product.

GENERAL PROVISIONS

CONTRACT

This policy, including any attached riders, endorsements, amendments, the attached copy of the application and any supplemental applications constitute the entire contract. Only an authorized officer of our Company can modify or waive in writing our rights or requirements under this policy.

INCONTESTABILITY

All statements made in the application or supplemental applications are considered representations and not warranties. No statement will be used to void this policy or to defend against a claim unless contained in the application, supplemental applications, or any amendments attached to this policy at issue or made part of this policy when a change becomes effective. Other than for non-payment of premiums sufficient to keep this policy in force, the validity of this policy will not be contestable after both of the following conditions are met:

- a) it has been in force for two years from the Policy Date; and
- b) the Insured is alive two years from the Policy Date.

Any increase in the Face Amount will be incontestable only after the increase has been in force for two years during the Insured's lifetime after the effective date of the increase. If this policy is ever reinstated, the policy will become contestable as set forth in the Reinstatement provision.

SUICIDE

If the Insured commits suicide, while sane or insane, during the first two policy years from the Policy Date, our liability is limited to premiums paid less any policy loans, and less any withdrawals. If the Insured commits suicide, while sane or insane, within two years after the effective date of any increase in the Face Amount, our liability as to the increased amount is limited to the monthly deductions for the increase.

MISSTATEMENT OF AGE OR SEX

If the Insured's age or sex is misstated, we will adjust proceeds based on what the monthly deductions would have purchased at the correct sex and age.

ASSIGNMENT

All assignments of this policy must be in a written form satisfactory to us and will become effective only upon being recorded at our Administrative Office. We will not be responsible for the validity of any assignment.

ANNUAL REPORT

We will send you an annual report, at no charge, which shows:

- a) the Account Value;
- b) the cash value;
- c) the net cash value;
- d) premiums paid since the last annual report;
- e) all charges since the last annual report; and
- f) any outstanding policy loans.

In addition to the annual report, we will prepare at your request a projection of values for this policy for future years. We may charge a reasonable fee for the preparation of this projection.

ISSUE AGE AND ATTAINED AGE

The Insured's issue age is shown on the Policy Data Page. The Insured's attained age is the issue age plus the number of years since the Policy Date.

MONTHLY DUE DATE

The monthly due date occurs the same day each month as the Policy Date.

ELECTIONS, DESIGNATIONS, CHANGES AND REQUESTS

All elections, designations, changes and requests must be in a written form satisfactory to us and will become effective only upon our approval.

PROCEEDS

Proceeds means the amount payable on the death of the Insured or on surrender of this policy.

NON-PARTICIPATING POLICY

This policy does not participate in our earnings or surplus. No dividends are payable.

OWNERSHIP AND BENEFICIARY PROVISIONS**OWNER**

The Owner of this policy is the Insured unless stated otherwise in the application. Unless endorsed otherwise, all ownership rights under this policy vest in the Owner during the Insured's lifetime. If the Owner is not the Insured, and dies before the Insured, all rights of ownership vest in the Owner's estate unless a contingent owner was designated in the application or by endorsement, in which case, all rights of ownership will transfer to such contingent owner.

BENEFICIARY

The beneficiary is as named in the application unless later changed as provided in this policy. If two or more persons are named, they will share equally unless otherwise stated. We may rely on an affidavit to determine the identity, ages, or existence of any beneficiaries. Any payment we make in reliance on the affidavit relieves our obligations under this policy to the extent of such payment.

CHANGE OF OWNER OR BENEFICIARY

During the Insured's lifetime, you may change beneficiary designations and may change the ownership designation. If a beneficiary is designated as irrevocable, the beneficiary designation may be changed only with the written consent of such irrevocable beneficiary. We must receive all changes in writing at our Administrative Office. No change takes effect unless recorded by us at our Administrative Office. Upon being recorded by us, any change takes effect on the date the request was signed. All changes are subject to any payment we make before we receive the change.

DEATH OF BENEFICIARY

The interest of any beneficiary who dies, or whose existence terminates before the Insured's death, will pass to any surviving beneficiaries according to their respective interests. If no beneficiary survives the Insured, we will pay the death proceeds in one sum to the Owner on the date of the Insured's death, if living, otherwise to such Owner's estate unless provided otherwise in the application or by endorsement.

PREMIUM PAYMENT AND REINSTATEMENT PROVISIONS

PAYMENT OF PREMIUMS

Premiums after the first premium are payable to our Administrative Office. Upon request, we will furnish a receipt signed by an authorized officer.

PREMIUMS

INITIAL PREMIUM--The premium paid before the policy will be in force.

PLANNED PREMIUM--The premium shown on the Policy Data Page. Planned premiums may be paid until the Insured's attained age 121.

ADDITIONAL PREMIUM--You may make additional premium payments at any time before the Insured's attained age 121. We reserve the right to limit the number and amount of additional premium payments. We may also require satisfactory evidence of the Insured's continued insurability.

AMOUNT AND FREQUENCY

You have chosen the amount and frequency of the Planned Premium at issue. This serves only as an indication of your preference as to the future frequency and amount of payment. Payment of the Planned Premium may or may not maintain this policy until the Insured's death. We reserve the right to limit changes to the amount or frequency of the Planned Premium when the changes could cause an increase in the minimum death benefit.

PREMIUM LIMITS

We may limit the amount of premium paid so that this policy may continue to qualify as a life insurance policy under any applicable law or regulation. To continue this qualification, we may refuse to accept any additional premium payments or return any premium paid which is in excess of this limit.

GRACE PERIOD

We allow a 60 day grace period, if on any monthly due date, the net cash value is not sufficient to cover the current monthly deduction.

We will mail a notice of the premium required to continue this policy at least 30 days before the end of the grace period to your last known address, and the last known address of any assignee of record. If such premium is not received by us before the end of the grace period, this policy will lapse without value. If the Insured dies during the grace period, we will deduct the amount of any unpaid monthly deductions from the death proceeds. This policy continues in force during the grace period unless surrendered.

LAPSE

If you do not pay the required premium within the grace period, all coverage under this policy, including additional benefits or riders, terminates without value.

NO LAPSE GUARANTEE

This policy includes two different no lapse guarantees: the Basic NLG and the Extended NLG. If the requirements for these guarantees, as described below, are met, your policy will not lapse.

If the cash value of the policy is greater than the amount of any outstanding policy loan(s), this No Lapse Guarantee provision will apply. However, if at any point, any outstanding policy loan(s) exceeds the cash value of the policy, this No Lapse Guarantee provision will no longer apply and the Grace Period provision of this policy will apply.

BASIC NLG - The Basic NLG applies to this policy during the Minimum Premium Period specified on the Policy Data Page. Under the Basic NLG, the policy will not terminate under the Grace Period and Lapse provisions if you meet the minimum premium test for the Minimum Premium Period. The minimum premium test is satisfied if the sum of the premiums paid to date, less any withdrawals and policy loans, equals or exceeds the applicable Minimum Monthly Premium specified on the Policy Data Page times the number of monthly due dates from the Policy Date to such date. This minimum premium test must be satisfied on each monthly due date. If at any monthly due date the minimum premium test is not satisfied, and the net cash value is not sufficient to cover the current monthly deduction, this policy will enter the grace period and the Grace Period and Lapse provisions will apply. **After the Minimum Premium Period, continued payment of the Minimum Monthly Premium may or may not be sufficient to maintain this policy until the Insured's death.**

A requested change in benefits provided by this policy may necessitate a re-determination of the applicable Minimum Monthly Premium as determined by us.

EXTENDED NLG - The Extended NLG applies to this policy after the end of the Minimum Premium Period. Under the Extended NLG, the policy will not terminate under the Grace Period and Lapse Provisions if you meet the NLG values test. The NLG values test is satisfied if the NLG Value minus any outstanding policy loan(s) is greater than zero. This NLG values test must be satisfied on each monthly due date. If, at any monthly due date, the NLG values test is not satisfied and the net cash value is not sufficient to cover the current monthly deduction, this policy will enter the grace period and the Grace Period and Lapse provisions will apply.

The Extended NLG depends on the calculation of a NLG Value that is used only for the purpose of determining whether the Extended NLG is available. It does not represent value that can be accessed by you. Further, these calculations do not affect the policy's Account Value or any other value described in the policy.

The Extended NLG will no longer be available at the earliest of:

- a) The date of termination as provided in the Restoration Period provision; or
- b) The effective date of the exercise of the Life Protector Paid Up Rider, if attached to the policy; or
- c) The date the policy terminates under the Lapse provisions.

REINSTATEMENT

If this policy terminates as described in the Lapse provision, you may reinstate it within five years after the end of the grace period. After reinstatement, the Extended NLG will no longer be available. The requirements for reinstatement are:

- a) submit an application for reinstatement;
- b) submit evidence of the Insured's insurability satisfactory to us;
- c) pay a premium sufficient to keep this policy in force for at least two months following the effective date of reinstatement; and
- d) pay any loan interest from the effective date of reinstatement to the policy anniversary.

We will not reinstate this policy if surrendered for its net cash value. If we reinstate, the coverage, except for the Extended NLG, will become effective on the monthly due date on or immediately preceding the date of approval.

Any policy loan that existed at the time of lapse will be reinstated if it is not paid. The Account Value, policy loan and surrender charges on the effective date of reinstatement will be those that were in effect on the date this policy terminated.

The Incontestability provision will apply from the effective date of reinstatement, such date replacing the Policy Date in the Incontestability provision. If this policy has been in force for two years from the Policy Date and the Insured is alive two years from the Policy Date, it will be contestable only as to statements made in the reinstatement application.

EXTENDED NLG CALCULATION PROVISIONS

Various terms used in the Extended NLG Calculations Provisions are solely for purposes of calculating the NLG Value. These terms include the NLG Premium Reduction, NLG Tier Reduction Factor, NLG Tier Amount, NLG Monthly Cost of Insurance, NLG Monthly Cost of Insurance Rates, NLG Net Amount At Risk, NLG Monthly Rider Charges, NLG Death Benefit, and NLG Interest Rate. None of these represent amounts actually available, credited or payable to you.

NLG VALUE

The NLG Value on the Policy Date is equal to:

- a) The premium paid including any amounts from any other life or annuity policies that have been surrendered, if any, less the NLG Premium Reduction; less
- b) The NLG Monthly Rider Charges for the first policy month; less
- c) The NLG Monthly Cost of Insurance for the first policy month.

The NLG Value on a monthly due date is:

- a) The NLG Value on the preceding monthly due date; plus
- b) One month's interest on a), calculated using the NLG Interest Rate; plus
- c) Any premiums and/or wellness rewards, from the Wellness Benefits and Rewards Rider, if applicable, and/or the Amount Specified credited under the Waiver of Specified Premium Rider, if applicable, received since the preceding monthly due date, less the NLG Premium Reduction; plus
- d) Interest on c), calculated using the NLG Interest Rate, from the date of receipt to the monthly due date; less
- e) The NLG Monthly Rider Charges for the current monthly due date; less
- f) Any withdrawals made since the preceding monthly due date plus interest on those withdrawals, calculated using NLG Interest Rate; less
- g) The NLG Monthly Cost of Insurance for the current monthly due date.

If within the NLG Exchange Period as shown on the Policy Data Page but after the Policy Date, you add any amounts to this policy from any other life or annuity policies that you surrendered, those amounts will be treated as premium received as of the Policy Date for the purpose of calculating the NLG Value. All subsequent NLG Values up to the current monthly due date will then be recalculated.

If this policy includes the Wellness Benefits and Rewards Rider and a Wellness Reward is applied to the policy, an amount equal to any reduction in the policy's current monthly cost of insurance charge and the current monthly term life insurance rider cost of insurance charge for the Insured Term Life Insurance Rider, if attached to the policy, will be considered, for the purposes of determining the NLG Value as a premium paid as of the date a Wellness Reward is applied to this policy.

The interest as described above will never be less than zero.

The NLG Value at any time other than on a monthly due date will be calculated in a manner consistent with that described above.

NLG PREMIUM REDUCTION

The NLG Premium Reduction used in calculating the NLG Value is determined by multiplying the appropriate NLG Tier Amount by the corresponding NLG Tier Reduction Factor, then adding the results for all applicable tiers. There are four levels of NLG Tier Reduction Factors as shown on the Policy Data Page. The NLG Tier Reduction Factors are based on the Insured's issue age, policy duration, sex, rate class, Insured Face Amount and the amount of premium paid. In the calculation of the NLG Tier Amounts, the total premiums paid include:

- a) premiums paid for the policy; plus
- b) any wellness rewards from the Wellness Benefits and Rewards Rider, if applicable; plus
- c) the Amount Specified credited under the Waiver of Specified Premium Rider, if applicable.

The Insured Face Amount is equal to the sum of the Face Amount At Issue of this policy plus the amount of any face amount increases plus the Face Amount At Issue of the Insured Term Life Insurance Rider, if attached to this policy.

There are four levels of NLG Tier Amounts. The NLG Tier Amounts are determined each policy year as follows:

Tier 1 Amount - total premiums paid in that policy year up to and including the NLG Tier 1 Maximum Premium.

Tier 2 Amount - total premiums paid in that policy year above the NLG Tier 1 Maximum Premium up to and including the NLG Tier 2 Maximum Premium.

Tier 3 Amount - total premiums paid in that policy year above the NLG Tier 2 Maximum Premium up to and including the NLG Tier 3 Maximum Premium.

Tier 4 Amount - total premiums paid in that policy year above the NLG Tier 3 Maximum Premium.

NLG MONTHLY RIDER CHARGES

The NLG Monthly Rider Charges used in calculating the NLG Value for riders attached to the policy are equal to:

- a) Zero for any term riders on the life of the policy Insured; plus
- b) The Monthly Waiver of Specified Premium Per \$100 Rate shown on the Policy Data Page for the Extended NLG multiplied by the Amount Specified for the Waiver of Specified Premium Rider, if attached to this policy; plus
- c) The monthly costs of benefits provided by those riders that are deducted from the policy's Account Value for all other riders unless the rider states that the rider cost is excluded in the calculation of the NLG Monthly Rider Charges.

NLG MONTHLY COST OF INSURANCE

The NLG Monthly Cost of Insurance used in calculating the NLG Value is determined on each monthly due date and is calculated as follows:

- a) Calculate the NLG Net Amount At Risk by;
 1. Dividing the NLG Death Benefit on the monthly due date by 1.00246627; then
 2. Subtracting the NLG Value on the monthly due date before deduction of the NLG Monthly Cost of Insurance; then
- b) Divide the NLG Net Amount At Risk by 1,000; then
- c) Multiply the result of b) by the applicable NLG Monthly Cost of Insurance Rate.

The minimum NLG Net Amount at Risk is zero.

NLG MONTHLY COST OF INSURANCE RATES

The NLG Monthly Cost of Insurance Rates used in calculating the NLG Monthly Cost of Insurance are based on the Insured's issue age, policy duration, sex, band, Insured Face Amount, current rate class and rating, if any. The NLG Monthly Cost of Insurance Rates are shown on the Policy Data Page for the Extended NLG.

NLG DEATH BENEFIT

Under Death Benefit Option 1, the NLG Death Benefit used in calculating the NLG Monthly Cost of Insurance is equal to the policy Face Amount plus the face amount of any term riders on the life of the policy Insured.

Under Death Benefit Option 2, the NLG Death Benefit used in calculating the NLG Monthly Cost of Insurance is equal to the policy Face Amount plus the face amount of any term riders on the life of the policy Insured plus the NLG Value.

NLG INTEREST RATE

The NLG Interest Rate is the interest rate used in the NLG Value calculation. The NLG Interest Rate is based on the Insured's issue age, sex, and rate class and is shown on the Policy Data Page for the Extended NLG.

WAIVER OF CHARGES

If the policy includes a Waiver of Specified Premium Rider and a Total Disability claim is approved while the Extended NLG is active, then for each monthly due date on which the Amount Specified under the Waiver of Specified Premium Rider is credited to the policy, an amount equal to the Amount Specified will be credited to the NLG Value.

RESTORATION PERIOD

If the NLG values test is not satisfied, you will no longer have the lapse protection provided under the Extended NLG provision and the restoration period will begin. The restoration period lasts for 60 consecutive monthly due dates. If the NLG Value minus any outstanding policy loan(s) remains at or below zero for the entire restoration period, the Extended NLG provision will terminate. If the NLG Value minus any outstanding policy loan(s) exceeds zero at any monthly due date within such restoration period, then the Extended NLG lapse protection will be deemed restored. A new five-year restoration period will begin at any subsequent monthly due date at which the NLG Value minus any outstanding policy loan(s) equals or is below zero.

DEATH BENEFIT PROVISIONS**DEATH BENEFIT**

The death benefit depends on the Death Benefit Option in effect on the date of the Insured's death. The Death Benefit Option on the Policy Date is shown on the Policy Data Page.

After the Insured's attained age 121, the death benefit will be equal to the death benefit in effect at attained age 121 plus the amount of any term riders on the life of the policy Insured, if any, but not less than the Account Value multiplied by the Percentage of Account Value shown in the Table of Minimum Death Benefits on the Policy Data Page.

DEATH BENEFIT OPTIONS

OPTION 1. The death benefit is the greater of:

- a) the Face Amount; or
- b) the minimum death benefit described below.

OPTION 2. The death benefit is the greater of:

- a) the Face Amount plus the Account Value; or
- b) the minimum death benefit described below.

DEATH BENEFIT COMPLIANCE TEST

Death Benefit Compliance Tests are used to determine if a policy will qualify as life insurance under applicable tax laws. There are two compliance tests which may be used:

- a) the Guideline Premium Test; and
- b) the Cash Value Accumulation Test.

The test which you selected when this policy was issued is shown on the Policy Date Page. You cannot change your election of the Death Benefit Compliance Test after the Policy Date.

MINIMUM DEATH BENEFIT

At any time, the minimum death benefit is equal to a percentage of the Account Value. The applicable percentage is based on the attained age of the Insured at death and is shown in the Table of Minimum Death Benefits on the Policy Data Page.

DEATH PROCEEDS

Proceeds payable on the death of the Insured equal the death benefit calculated as of the date of the death of the Insured less any policy loan.

We will pay the proceeds to the beneficiary:

- a) if this policy is in force on the date of the Insured's death;
- b) upon our receipt of due proof of the Insured's death; and
- c) subject to the provisions, terms and conditions of this policy.

Death proceeds will be paid in a single sum unless a payment option is elected as described in the Payment Options Provisions of this policy.

We will pay death proceeds on the death of any person(s) insured by any rider attached to this policy as provided in the rider.

INTEREST ON DEATH PROCEEDS

We will pay interest on death proceeds as required by the law of the state in which the application was signed. Interest, if any, will be paid in a single lump sum for the period from the date of death to the earliest of:

- a) the date of payment; or
- b) the date of any agreement issued under the Payment Options Provisions of this policy; or
- c) one year from the date of death, unless otherwise required by law.

The rate of interest will be the amount required by law.

POLICY CHANGE PROVISIONS

CHANGE IN FACE AMOUNT

After the first policy year, you may request to change the Face Amount, subject to our approval, by sending a written request to our Administrative Office, subject to the following conditions:

a) Face Amount decreases

The decrease becomes effective on the monthly due date on or immediately preceding the date of our approval of your request.

We will apply decreases in the following order:

- 1) against the Face Amount provided by the most recent increase; then
- 2) against the next most recent increases successively; then
- 3) against the Face Amount At Issue.

The Face Amount remaining in force after any requested decrease may not be less than the Minimum Face Amount shown on the Policy Data Page. Your surrender charges, Minimum Monthly Premium and the monthly expense charges do not reduce when decreasing the Face Amount. We reserve the right to refuse any requested decrease which would cause this policy not to qualify as a life insurance policy.

We may limit the number of decreases to not more than one in any 12-month period.

b) Face Amount increases

A request for an increase in the Face Amount will be subject to the following requirements:

- 1) submit a supplemental application;
- 2) submit evidence of the Insured's insurability satisfactory to us; and
- 3) submit a minimum monthly premium applicable to the increase, if required.

Increases in the Face Amount are subject to our normal underwriting rules, issue amounts, and age limits. Upon our approval, a request becomes effective on the monthly due date on or immediately preceding the date of our approval of your request. Your surrender charges, Minimum Monthly Premium (if the policy is within the Minimum Premium Period) and monthly expense charges will increase when increasing the Face Amount.

We will send you updated Policy Data Pages including a Table of Surrender Charges applicable to the requested increase.

We may limit the number of increases to not more than one in any 12-month period.

CHANGE IN DEATH BENEFIT OPTION

After the first policy year, you may request to change from Death Benefit Option 1 to Death Benefit Option 2. We require evidence satisfactory to us of the Insured's continued insurability. Upon our approval, the new Face Amount will be the death benefit under Death Benefit Option 1 less the Account Value on the effective date of the change. You may not change the Death Benefit Option if it results in a Face Amount below the Minimum Face Amount shown on the Policy Data Page.

After the first policy year, you may change from Death Benefit Option 2 to Death Benefit Option 1. The new Face Amount will be the death benefit under Death Benefit Option 2 on the effective date of the change.

Changes in the Death Benefit Option are effective on the monthly due date on or immediately preceding the date of our approval of your request. You may not change the Death Benefit Option more than once in any 12-month period.

CHANGE IN RATE CLASS

You may request a change in the Rate Class of the Insured or any Covered Insured under a rider attached to the policy at any time while the policy is in force by sending a written request to our Administrative Office. Evidence of the Insured's and/or Covered Insured's insurability under the requested rate class must be submitted to us. All changes in the Rate Class are subject to our then current underwriting rules, issue amounts, and age limits. Upon our approval, a request becomes effective on the monthly due date on or immediately preceding the date of our approval of your request. We will send you revised Policy Data Pages based on the new rate classification.

ADDITION OF RIDERS

You may request that additional benefits provided by rider be added to the policy after the Policy Date, if that rider can be added to a policy after issue, by sending a written request to our Administrative Office. Evidence of insurability may be required depending on the rider you choose to add. The addition of any rider is subject to its availability with the policy to which it will be attached at the time the request is received and our then current underwriting rules, issue amounts, and age limits. Upon our approval, a request becomes effective on the monthly due date on or immediately preceding the date of our approval of your request. We will send you the requested rider form and revised policy data pages based on the new rider.

NONFORFEITURE PROVISIONS

ACCOUNT VALUE

The Account Value of this policy on the Policy Date is the initial Net Premium minus the monthly deduction for the first month.

We calculate the Account Value on a monthly due date as:

- a) the Account Value on the preceding monthly due date; plus
- b) one month's interest on a); plus
- c) any net premiums received since the preceding monthly due date plus interest on those net premiums paid to the monthly due date; minus
- d) any withdrawals made since the preceding monthly due date plus interest on those withdrawals paid to the monthly due date; minus
- e) the monthly deduction for the current monthly due date.

The Account Value at any time other than at the beginning of a policy month will be calculated in a consistent manner.

MONTHLY DEDUCTION

We calculate monthly deductions for a policy month as:

- a) the monthly cost of insurance; plus
- b) the monthly cost of additional benefits provided by rider; plus
- c) the monthly expense charge; plus
- d) the monthly policy charge for this policy period.

There are no monthly deductions after the Insured's attained age 121.

POLICY EXPENSE CHARGES

This policy includes both a monthly policy charge and a monthly expense charge.

The monthly policy charge will never be more than the Maximum Monthly Policy Charge shown on the Policy Data Page. The monthly policy charge is based on the policy form. Any change in the monthly policy charge will apply uniformly to all members that have been issued this policy form.

The maximum monthly expense charge for the face amount on the Policy Date is equal to the Maximum Monthly Expense Charge Rate shown on the Policy Data Page for the appropriate Insured Face Amount multiplied by the Face Amount At Issue shown on the Policy Data Page divided by \$1,000. We base the monthly expense charge rate on the Insured's issue age, sex, rate class and Insured Face Amount. Any change in the monthly expense charge rates will apply uniformly to all members of the same issue age, sex, rate class and Insured Face Amount. The monthly expense charge rate for the Face Amount At Issue will never be greater than the Maximum Monthly Expense Charge Rate for the appropriate Insured Face Amount shown on the Policy Data Page.

There will be a separate maximum monthly expense charge applicable to any face amount increase. The maximum monthly expense charge for a face amount increase is equal to the maximum monthly expense charge rate for the Insured's attained age, sex, rate class and Insured Face Amount on the effective date of the face amount increase multiplied by the face amount increase divided by \$1,000. We base the monthly expense charge rate on the Insured's attained age, sex, rate class and Insured Face Amount on the effective date of the face amount increase. Any change in the monthly expense charge rates will apply uniformly to all members of the same attained age, sex, rate class and Insured Face Amount on the effective date of the face amount increase. The monthly expense charge rate for a face amount increase will never be greater than the maximum monthly expense charge rate based on the Insured's attained age, sex, rate class and Insured Face Amount at the time of the face amount increase.

MONTHLY COST OF INSURANCE

We calculate monthly cost of insurance for this policy as the cost of insurance rate multiplied by the net amount at risk.

The cost of insurance rate is described in the Cost of Insurance Rates provision. The net amount at risk is equal to:

- a) the death benefit on the monthly due date divided by the Interest Factor shown on the Policy Data Page; minus
- b) the Account Value on the monthly due date after deduction of the monthly expense charge, the monthly cost of additional benefits provided by rider and the monthly policy charge; divided by
- c) 1000.

If Death Benefit Option 1 is in effect and there have been increases in the Face Amount, the Account Value is first considered a part of the Face Amount at Issue for the purpose of determining the cost of insurance rates. If the Account Value exceeds the Face Amount at Issue, the Account Value is then considered a part of additional specified amounts resulting from the increases in the order of the increases and then considered part of the death benefit attributed to any riders on the Insured, if attached to this policy.

COST OF INSURANCE RATES

We base cost of insurance rates on the Insured's sex, issue age, policy duration, rate class, and Insured Face Amount. For the Face Amount at Issue, the rate class on the Policy Date will apply. For each increase in the Face Amount, the rate class applicable to the increases will apply. When the death benefit is equal to the minimum death benefit, the rate class for the most recent increase will apply to that portion of the death benefit equal to the excess of the death benefit over the Face Amount.

We can change the rates from time to time. We will determine the monthly cost of insurance rates charged according to our expectations of future mortality, interest, persistency and expenses. Any change in the cost of insurance rates will apply uniformly to all members of the same sex, issue age, policy duration, and rate class and the Insured Face Amount and will never be greater than those shown in the Table of Monthly Guaranteed Maximum Cost of Insurance Rates shown on the Policy Data Page.

INTEREST RATES

The Guaranteed Interest Rate is shown on the Policy Data Page. We may apply interest rates in excess of the Guaranteed Interest Rate in the calculation of the Account Value at an increases rate and in a manner we determine. This current interest rate will be declared no more frequently than once per policy year.

CASH VALUE

The cash value equals the Account Value less the surrender charge.

SURRENDER CHARGE

The Table of Surrender Charges is shown on the Policy Data Page.

If we approve a requested increase in the Face Amount, we will send you a Table of Surrender Charges applicable to the requested increase. Your surrender charges do not reduce when decreasing the Face Amount.

NET CASH VALUE

The net cash value of this policy equals the cash value of this policy less any outstanding policy loan(s).

SURRENDER

You may surrender this policy while this policy is in force and the Insured is living. On surrender, the proceeds will be the net cash value. You must send written notice of surrender to our Administrative Office. If you surrender this policy within 30 days after a policy anniversary, the net cash value will not be less than the net cash value on that anniversary, less any policy loans or withdrawals made and withdrawal charges deducted on or after the anniversary. A surrender terminates this policy.

We may delay payment, except to pay premiums on other policies with us, for up to six months after we receive the surrender request.

WITHDRAWALS

After the first policy year you may make withdrawals from this policy, while the Insured is living. You must make your request to us in writing. We may limit the number of withdrawals to not more than two in any 12-month period.

The amount of the withdrawal will equal the amount paid to you plus any applicable withdrawal charge. Each policy year after the first policy year, you are eligible for a penalty free withdrawal. A penalty free withdrawal is a withdrawal made without incurring a withdrawal charge. The penalty free withdrawal amount on the date of withdrawal is equal to 20% of the cash value as of the date of the withdrawal less any prior penalty free withdrawals taken in that policy year but not less than zero. If less than 20% is withdrawn in any policy year, the remaining amount does not roll over to future policy years.

The amount of a withdrawal may not be more than the net cash value less a premium sufficient to keep this policy in force to the end of the current policy year.

When you make a withdrawal, we reduce the Account Value by the amount of the withdrawal. If Death Benefit Option 1 is in effect, the Face Amount will be reduced by the amount of the withdrawal. We apply the reduction in the Face Amount in the following order:

- a) against the Face Amount at Issue; then
- b) against coverage provided by the next earliest increase; then
- c) against coverage provided by the most recent increase.

We will not allow a withdrawal if it results in a Face Amount less than the Minimum Face Amount shown on the Policy Data Page.

We may delay payment, except to pay premiums on policies with us, for up to six months after the withdrawal request.

WITHDRAWAL CHARGE

The withdrawal charge is equal to $A \times (B-D)/(C-D) + E$ where:

- A is the surrender charge on the date of withdrawal.
- B is the amount withdrawn from the Account Value.
- C is the cash value on the date of withdrawal.
- D is the penalty free withdrawal amount on the date of withdrawal.
- E is a withdrawal fee up to \$25.00.

TERMINATION OF INSURANCE

This policy terminates when any one of the following occurs:

- a) we receive your written request for full surrender;
- b) the Insured dies; or
- c) the required premium has not been paid when the grace period ends.

BASIS OF COMPUTATIONS

Minimum cash values are based on the guaranteed mortality table and Guaranteed Interest Rate shown on the Policy Data Page.

The non-forfeiture values for this policy are never less than the minimums required on the Policy Date by the state in which the application is signed. A detailed statement of the method of computing values has been filed with the insurance supervisory official of the state in which the application was signed.

LOAN PROVISIONS

POLICY LOAN

At any time while this policy is in force you may request a policy loan. You must make your request to us in writing. Your policy and its values are automatically assigned to us as security for a policy loan. We may postpone making a policy loan, except for loans to pay premiums on policies with us, for up to six months after receiving the loan request.

The maximum amount available for a policy loan is:

- a) the net cash value as of the date of the policy loan; less
- b) loan interest to the next policy anniversary; less
- c) a premium sufficient to keep this policy in force to the end of the current policy year.

You may make more than one policy loan on this policy subject to the maximum amount available for a policy loan. All outstanding policy loans and any unpaid loan interest will be added together and called the outstanding loan balance. If the outstanding loan balance ever exceeds the cash value, the Grace Period provision of this policy will apply immediately.

We will notify you of:

- a) the loan interest rate at the time the policy loan is made; and
- b) any loan interest rate change on existing policy loans. The change will be effective on the next policy anniversary.

We will send notification of the change to you not less than 31 days before making the change.

LOAN INTEREST

Loan interest is payable in advance at the time of the new loan and on each policy anniversary through the next policy anniversary and accrues daily at the annual interest rate we establish. Interest not paid when due will be added to the policy loan and will bear interest at the rate then in effect.

We calculate loan interest at the following rates:

- a) The Annually Declared Loan Rate per annum payable in advance, for any loans made during the first ten policy years, or on the balance of any policy loan made after the tenth policy year in excess of the maximum of:
 - 1) 10% of the net cash value; or
 - 2) the net cash value less the sum of all premiums paid plus the sum of all withdrawals.

We will add any unpaid interest to the policy loan and it will bear interest at the same rate as the loan. We may change the Annually Declared Loan Rate from time to time. It will be no greater than the Maximum Annually Declared Loan Rate shown on the Policy Data Page. The new rate will apply to all new and outstanding loans other than those described in b) below.

- b) The Minimum Annually Declared Loan Rate shown on the Policy Data Page per annum payable in advance, for any loans made after the tenth policy year on any new policy loan made that does not exceed the maximum of:
 - 1) 10% of the net cash value; or
 - 2) the net cash value less the sum of all premiums paid plus the sum of all withdrawals.

We will add any unpaid interest to this policy loan and it will bear interest at the same rate as this loan.

We will credit interest at least annually at the Guaranteed Interest Rate shown on the Policy Data Page on the outstanding balance of any policy loans under the Annually Declared Loan Interest Option.

REPAYMENT

You may repay any loan in whole or in part at any time while this policy is in force and the Insured is living.

You may not make partial repayment of any loan less than \$10.00 except with our consent. If any payment is received that is not specified as either a premium payment or a loan repayment, it will be treated as a loan repayment to the extent a loan is outstanding.

PAYMENT OPTIONS PROVISIONS

ELECTION OF OPTIONS

In lieu of payment of a single sum, you may elect to have any proceeds payable under this policy paid in whole or in part under one of the payment options provided below. These options shall be available whether the proceeds are payable from a death claim or from surrender of this policy. If no option is elected by you during the Insured's lifetime, the beneficiary may do so. Election must be made before payment of the proceeds of this policy has been made.

GENERAL CONDITIONS

Election of any payment option is subject to the following conditions:

- a) Election or revocation will become effective only when a properly written request has been recorded at our Administrative Office. Any election may be revoked during the lifetime of the Insured and before the proceeds of this policy are payable.
- b) Any change of beneficiary subsequent to the election of an option will automatically revoke the election.
- c) If this policy is assigned, or if the payee is a corporation, association, partnership, or trustee, the options will be available only with our consent.
- d) A settlement agreement attached to this policy will be effective only when countersigned by us.

DESCRIPTION OF PAYMENT OPTIONS

Subject to the stated conditions, all or part of the policy proceeds may be applied under one of the following options:

- **Interest income.** Proceeds may be left on deposit at interest with us until death of the payee or for a fixed number of years not in excess of 30. Interest will be computed at the current rate we set but not less than 2%. The interest may be left with us to accumulate or be paid periodically.
- **Life income.** Periodic payments will be made during the lifetime of the payee. A guaranteed payment period can be selected. Payments will not be less than shown in the Payment Option Table that follows. In the event of the death of the payee during the guaranteed payment period, payments will be continued to a beneficiary named by the payee for the remainder of the guaranteed payment period. With our approval, proceeds may be applied under any other payment option in use by us at the time of settlement.
- **Other Options.** Additional payment options are available upon request including joint and 50% survivor life income. You may contact us for the rates and terms of any additional payment options.

REQUIREMENTS FOR PAYMENTS

The minimum proceeds that may be applied under any payment option is \$5,000. Proceeds less than this amount will be paid in one lump sum to the payee. Interest payments or periodic payments may be made annually, semi-annually, quarterly or monthly as long as each payment is at least \$25.00. If the payments become less than \$25.00, we will have the right to decrease the frequency with which the payments are made. All periodic payments are computed on the basis of payments being due at the beginning of each installment period. The size of periodic payments under life income are based on the sex and age nearest birthday at the time payments begin, of the person or persons on whose life payments are based. Payment will be subject to satisfactory proof of age and sex.

SUPPLEMENTARY CONTRACT

When settlement is made, we will issue a supplementary contract upon surrender of this policy.

APPENDIX A

LIMITATIONS AND EXCLUSIONS UNDER THE ARKANSAS LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION ACT

Residents of this state who purchase life insurance, annuities or health and accident insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association"). The purpose of this Guaranty Association is to assure that policy and contract owners will be protected, within certain limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the Guaranty Association will assess its other member insurance companies for the money to pay the claims of policy owners who live in this state and, in some cases, to keep coverage in force. The valuable extra protection provided by the member insurers through the Guaranty Association is not unlimited, however. And, as noted in the box below, this protection is not a substitute for consumers' care in selecting insurance companies that are well managed and financially stable.

DISCLAIMER

The Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association") may not provide coverage for this policy. If coverage is provided, it may be subject to substantial limitations or exclusions and require continued residency in this state. You should not rely on coverage by the Guaranty Association in purchasing an insurance policy or contract.

Coverage is NOT provided for your policy or contract or any portion of it that is not guaranteed by the insurer or for which you have assumed the risk, such as non-guaranteed amounts held in a separate account under a variable life or variable annuity contract.

Insurance companies or their agents are required by law to provide you with this notice. However, insurance companies and their agents are prohibited by law from using the existence of the Guaranty Association to induce you to purchase any kind of insurance policy.

The state law that provides for this safety-net is called the Arkansas Life and Health Insurance Guaranty Association Act ("Act"). Below is a brief summary of the Act's coverages, exclusions and limits. This summary does not cover all provisions of the Act; nor does it in any way change anyone's rights or obligations under the Act or the rights or obligations of the Guaranty Association.

COVERAGE

Generally, individuals will be protected by the Guaranty Association if they live in this state and hold a life, annuity or health insurance contract or policy, or if they are insured under a group insurance contract issued by a member insurer. The beneficiaries, payees or assignees of policy or contract owners are protected as well, even if they live in another state.

EXCLUSIONS FROM COVERAGE

However, persons owning such policies are NOT protected by the Guaranty Association if:

- They are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
- The insurer was not authorized to do business in this state;
- Their policy or contract was issued by a nonprofit hospital or medical service organization, an HMO, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policy or contract owner is subject to future assessments, or by an insurance exchange.

The Guaranty Association also does NOT provide coverage for:

- Any policy or contract or portion thereof which is not guaranteed by the insurer or for which the owner has assumed the risk, such as non-guaranteed amounts held in a separate account under a variable life or variable annuity contract;
- Any policy of reinsurance (unless an assumption certificate was issued);
- Interest rate yields that exceed an average rate;
- Dividends and voting rights and experience rating credits;
- Credits given in connection with the administration of a policy by a group contract holder;
- Employers' plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them);
- Unallocated annuity contracts (which give rights to group contractholders, not individuals);
- Unallocated annuity contracts issued to/in connection with benefit plans protected under Federal Pension Benefit Corporation ("FPBC")(whether the FPBC is yet liable or not);
- Portions of an unallocated annuity contract not owned by a benefit plan or a government lottery (unless the owner is a resident) or issued to a collective investment trust or similar pooled fund offered by a bank or other financial institution);
- Portions of a policy or contract to the extent assessments required by law for the Guaranty Association are preempted by State or Federal law;
- Obligations that do not arise under the policy or contract, including claims based on marketing materials or side letters, riders, or other documents which do not meet filing requirements, or claims for policy misrepresentations, or extra-contractual or penalty claims;
- Contractual agreements establishing the member insurer's obligations to provide book value accounting guarantees for defined contribution benefit plan participants (by reference to a portfolio of assets owned by a nonaffiliate benefit plan or its trustees).

LIMITS ON AMOUNT OF COVERAGE

The Act also limits the amount the Guaranty Association is obligated to cover: The Guaranty Association cannot pay more than what the insurance company would owe under a policy or contract. Also, for any one insured life, the Guaranty Association will pay a maximum of \$300,000 - no matter how many policies and contracts there were with the same company, even if they provided different types of coverages. Within this overall \$300,000 limit, the Association will not pay more than \$300,000 in health insurance benefits, \$300,000 in present value of annuity benefits, or \$300,000 in life insurance death benefits or net cash surrender values - again, no matter how many policies and contracts there were with the same company, and no matter how many different types of coverages. There is a \$1,000,000 limit with respect to any contract holder for unallocated annuity benefits, irrespective of the number of contracts held by the contract holder. These are limitations for which the Guaranty Association is obligated before taking into account either its subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer.

FORM 2UCA09 - Explanation of Bracketed Items:

This premium is not changed by the Insurer once the contract is issued unless the policy owner initiates an adjustment to the policy, at which point the premium can be changed. Any change to the premium resulting from an owner-initiated adjustment will be communicated with the adjustment and cannot be changed again by the insurer unless the policy owner initiates another change. Future contracts may have a larger or smaller premium that differs from in force contracts. **Range is from \$5.00 to unlimited, due to unlimited face amount limits.**
